## *Craps is an exciting, fast action and fun filled game.*

The basic principle of Craps is to bet either with or against the dice thrown by the shooter. All players may have a turn throwing the dice.

### **PASS LINE**

- A wager placed prior to the "Come out roll"
- You win even money if a 7 or 11 is thrown
- You lose or "Crap out" if a 2, 3 or 12 is thrown

Any other number thrown becomes "The Point". If "The Point" is thrown you win and lose if a 7 is thrown before "The Point".

*A PASS LINE bet cannot be reduced or removed after the point is established.*

### **DON'T PASS LINE**

- A wager placed prior to the "Come out roll"
- You win even money if a 2 or 3 is thrown and lose on 7 and 11
- If a 12 is thrown you neither win nor lose
- If "The Point" is thrown you lose and if a 7 is thrown before "The Point", you win

*DON'T PASS THE LINE bets may be reduced or removed after the point is established, however, the bet may not be replaced or increased until a new come out roll.*

### **COME**

An identical wager to the PASS LINE which can only be made after the point is established.

*A COME bet cannot be reduced or removed after the "Come Point" is established.*

### **DON'T COME**

An identical wager to the DON'T PASS LINE made after the point is established.

*DON'T COME bets may be reduced or removed after the "Come Point" is established, however, the bet may not be replaced or increased until a new come out roll.*

### **FIELD BET**

- A wager placed before any roll
- You win even money on 3, 4, 9, 10 and 11
- 2 and 12 pay 2 to 1 odds

*ALL WAGERS MUST BE MADE WHILE THE DICE ARE IN THE CENTRE OF THE TABLE.*

*YOU CAN MAKE VARIOUS OTHER WAGERS IN CRAPS. PLEASE DO NOT BE AFRAID TO ASK. LASSETERS HOTEL CASINO FRIENDLY DEALERS WILL BE VERY HAPPY TO ASSIST YOU.*
